### **Drop-in Events**

**Friday 19 October 12noon – 6pm  
Wednesday 7 November 3pm – 7pm  
Grizebeck Community Hall**

Cumbria County Council is undertaking a transport study to develop a scheme to improve journey times, safety and resilience on the A595 at this location.

We want to hear the views of the local community, business and road users to help inform the development of the scheme. The public consultation drop-in events have been arranged to provide an opportunity to feedback on the potential route options. Your comments will then feed into identifying a preferred route to include in the business case for the scheme.

Please see web link below for more information on the scheme:
