Westmorland and Furness Council wants to ensure there is the right mix of living choices and support options for older people in the coming decades.

We want to make sure you can be supported in the best possible way to live at home, access affordable specialist housing such as sheltered housing and extra care housing, or access modern residential care and dementia care if needed.

Share your views through our **A Place Called Home survey** and at our **Community Conversation** events in Furness, South Lakeland and Eden.
